MACKINNON DOES NOT APPLY

Chances Favorable for Extension
of Street Car Line, Moran
Reports

All appointive offices in El Cerrito were declared vacant at the meeting of the board of trustees of that city held last night. The action was made effective Friday, May 2, at which time new appointments are to be made.

Applications were considered from four men asking for the position of city marshal, a job now held by A. H. MacKinnon. MacKinnon did not again apply for the place. Those whose applications were read were J. Frank Walsh, Chas. E. Ellsworth, James R. Porter and Forrest H. Wright. No indication was given by the board as to the probable successor of MacKinnon, and the large crowd which had gathered evidently expecting a stormy session, was greatly disappointed.

Other applications were as follows: for city attorney, W. D. Stark, El Cerrito; for night marshal, John O'Connell; for city recorder, George W. Adams. A petition signed by 100 El Cerrito residents was presented asking for the appointment of Stark as city attorney. T. M. Carlson, present attorney, did not again apply.

Want Car Line

A report was given by J. J. Moran, large property owner, to the effect that Manager Alberger of the Traction company, had stated that he approved the extension of the street car line on Gilman avenue, which would give transportation along the foothill country, and that the matter would be taken before the directors in the near future and would probably be granted. The matter would have to be referred to the Railroad commission also, it was stated.

Names Commissioners

George Conlon, chairman, appointed the following commissioners: of streets, sidewalks and parks, Kirk Gray; of fires and police, Frank McDermitt; of health and safety, Fred Lutz; of lights and water, Chas. Zimmerman.

Boyer in Talk Before Rotarians

California soon will be known as the "Port of Missing Women" if the present alarming ratio of girls and young women who mysteriously disappear from the walks of men in this great commonwealth is maintained, was the startling announcement of Dr. Tom Boyer in a talk to the Richmond Rotarians, which had his hearers gasping at yesterday's luncheon.

Parents Taken to Task

Charging that parents are responsible for the lax codes to which youths and maidens now subscribe, Dr. Boyer went into details touching current social evils.

A large crowd of members of the Aahmes Temple Shriners of Oakland, and their ladies, were the guests of the Richmond members of the organization at a dance which was given last night in Winters hall.

Each lady was presented with a beautiful swaggar stick as a favor. The hall was beautifully decorated in ferns and flowers, which combined with the subdued lights of the hall, which cast varied tints on the beautiful dresses of the women, and the colorful fezzes of the members of the Shrine temple.

Feature dances and moonlight waltzes added zest to the evening's entertainment. Franklin R. Haley, illustrious potentate of this district, thanked the people of Richmond and the members of the Shrine of Richmond, for the entertainment which they provided.

The committee in charge was headed by Charles A. Green, ambassador from Aahmes temple. Members of the committee to who the great success of last night's affair is due, is as follows:

Mr. and Mrs. Harry E. Hammond headed the host and hostess committee for the evening, assisted by Messrs. and Mesdames Joseph F. Brooks, Howard F. Brooks, Howard F. Flint, Clare D. Horner, J. C. Ford, James T. Nabett, Earl L. Scofield, Oren Zuver, Leslie A. Black, Otto Paulsen, Dr. and Mrs. C. L. Abbott, Dr. and Mrs. W. S. Lucas and Miss Ivy Lee.

Mrs. Luinda Menge, 26, committed suicide at her home at 5:15 o'clock last night following a dispute with her husband, George Menge, an employee of the Hercules Powder company, according to a report made here by Deputy Coroner Fred Maas, who was called in the case.

Mrs. Menge, who was born in Pinole, and resided there during her lifetime, suddenly stopped talking to her husband during an argument, walked into her bedroom and, securing a .38-calibre revolver, shot herself through the head, death being almost instantaneous, it was reported. Her husband was almost prostrated by the tragedy.

Menge and two children of the couple, William, 4, and George, 6, were in an adjoining room at the time the shot was fired. Other surviving relatives of Mrs. Menge are her father, William Craig of Oakland, and a brother, Hazel Craig, Pinole. The remains were brought to the Wilson & Kratzer parlors here, where arrangements are being made for the funeral services.

mended to Take Active Part

neers

H. A. Johnston, president of the Richmond Chamber of Commerce, is to attend the meeting at the Faculty club, Berkeley, tonight, which is to be addressed by Walker Young, U. S. engineer for reclamation service, who is to discuss the feasibility of a dam across Carquinez Straits to provide water for irrigation purposes and for the reclamation of land.

Young's talk will be based in part on a tentative survey of the project made recently by W. A. Peters, U. S. engineer. Money for the survey was furnished by the government and local committees and work starts in the immediate future by Young.

The meeting tonight is to be attended by representatives from all of the East Bay cities. Johnston stated that he hoped the Richmond Chamber of Commerce could take an active part in the promotion of the scheme, which would be worth millions to this section of the state.

Two Sites Suggested

Two sites have been suggested for the dam across the river, one from Point San Pablo to the closest portion of the adjoining shore, and the other at Carquinez Straits. Of the two the Carquinez Straits location has received the most support. This is the site recommended by the California Department of Public Works engineers, who made a survey in 1921, for which \$100,000 had been appropriated.

The report of the survey made to the 11923 legislature, touched on the Carquinez Straits project, and was, in part, as follows:

"Half of the waters of the state in their natural course drain into San Francisco bay. Within the drainage basins are 14,800,000 acres of lands suitable for agriculture. The construction of a dam across Carquinez Straits would divert into the lower San Joaquin river from which the grand canal would take its water. Thus the cost of conduit would be obviated for the full length of the Sacramento valley."

"The dam across Carquinez Straits would have many advantages in addition to diverting the Sacramento river waters into the lower San Joaquin river. During the seasons of

"In the comprehensive plan, the excess waters of the Sacramento drainage basin would be collected in the main river channels and, by means of a dam across Carquinez Straits below the mouth of both the Sacramento and San Joaquin rivers, this water would be diverted into the lower San Joaquin river from which the grand canal would take its water. Thus the cost of conduit would be obviated for the full length of the Sacramento valley."

Tammany Hall
Leader Dies
In New York

NEW YORK, April 25.—Chas. F. Murphy, leader of Tammany Hall, and for nearly a quarter of a century one of the most powerful Democratic leaders of the country, died today.

His death, on the eve of the Democratic national convention, due to assemble here in June, created a profound sensation in political circles. It had been universally expected—and conceded—that Murphy would play an important part in framing the Democratic national ticket for 1924.

FEAR VETO OF
JAP EXCLUSION

WASHINGTON, April 25.—President Coolidge will veto the immigration bill containing the Japanese exclusion clauses, it was strongly intimated at the White House today.

At the eleventh hour he was exerting tremendous pressure to have the bill modified in some way before it comes to him. But as this seemed impossible, it was said for him, with emphasis, that a way would be found to give the people of the coast what they wish without affronting the Japanese.

With the bill now in conference between the Senate and the House, the President was advised that nothing could be done at this stage.

of Quarantine

Twelve more persons were fined \$5 each yesterday by Justice of the Peace Frank Glass of Martinez, when they admitted minor infractions of the quarantine laws imposed because of the hoof and mouth disease. The majority of the cases were for picnicking in fields or allowing dogs to run on highways. Those assessed were Joe Gonzalla, P. De Martini, J. Ventimiglia, A. E. McTaggart, Mrs. F. Humphrey, A. Gordon M. J. Holt, S. Cernine, G. B. Garibardi, J. Bonicelli, W. L. Briney, G. Spiro, J. Bonacci, Manuel Teiveria and John P. Silva.

BRITISH CABINET TO ACT
IN DISPUTE

LONDON, April 25.—A delicate situation containing the possibility of hostilities, has arisen as a result of the breakdown of the Free State Ulster boundary conference.

It is probable the cabinet will consider the matter within the next few days. Further mediation may be attempted to avert developments fraught with danger of an Irish internal war.

Reports were current the cabinet might ask parliament for special legislation to deal with the situation.

Pinole Woman Is
Hurt in Accident

Miss Marie Fernandez of Pinole, is at the St. Francis hospital in San Francisco suffering from injuries received when she fell from a street car in that city, it was learned by friends here yesterday. She was returning to her apartment at the Fairmont hotel from the St. Francis hospital, where she had been visiting with her sister, Mrs. W. K. Cole, who has been ill there, and was alighting from the street car when the car suddenly started and she was thrown heavily to the pavement.

Miss Fernandez was rushed to the hospital where an examination was conducted, but the extent of her injuries has not as yet been fully determined. It is believed she may have suffered a fractured skull.

THE NEED OF FOREST PROTECTION WEEK

President Coolidge, by proclaiming April 21-27 Forest Protection Week, has asked the American people to give common thought to the protection of our forests from fire. Forest Protection Week is in no sense a time set apart to lament the annual wastage of our forests by fire; declares The American Forestry association. It is a call to fire the American conscience with the national need of forest fire prevention.

Why is it necessary to have a Forest Protection Week? The question is most quickly answered by calling attention to the damage in the United States by forest fires during the period of five years.

According to records available, over 50,000,000 acres are burned over every half decade and the value of timber and property destroyed aggregates \$85,000,000. Every year forest fires in the United States destroy or damage enough timber to build homes sufficient to house the entire population of a city the size of Denver, San Francisco, Atlanta, New Orleans or Washington, D. C. The average number of woodland fires which occur every year amount to 36,000, of which 86 per cent are caused by people who apparently have not yet grasped the lesson which Forest Protection Week is designed to teach.

Forest fires are held by many to be a greater drain upon the nation's timber reserve than the woodsman's ax. Certain it is that forest fires are hastening the day when the nation will, like Old Mother Hubbard, find its forest cupboard bare.

Few people appreciate the great call upon our forests by practically every industry in the country. The wood removed annually from our forests, if sawed into cordwood boards, would construct a wall 4 feet thick and 12 feet high, reaching twice around the world at the equator. Such an imaginary wall would make the Great Wall of China, one of the marvels of history, sink into insignificance.

This staggering volume of wood is drawn from the forests annually to support the nation's industries—not merely the lumber and wood using industries, but the railroads, the mines, the automobile factories, the shipment of the products from our farms and our factories. More than seventy vital industries of the nation use the forests.

The building industry converts the lumber into homes, the backbone of our American life, and into other buildings. Wood is the main material of 98 per cent of the rural homes of the United States, and of 60 per cent to 90 per cent of urban homes. The carpenter trade, with its million wage earners, is merely one of many trades dependent upon our forests.

Exhaustion of our virgin forests will be not merely a sentimental tragedy. It will be an industrial tragedy of far greater moment. It seems inconceivable that a shrinkage of one-half to two-thirds the nation's wood supply—estimated to occur within the next twenty-five or thirty years—can do other than disrupt every channel of American industry, and prostrate the financial structure of the nation. To reduce the present tremendous drain upon our remaining forests by an aroused public opinion which will cure man-caused forest fires is therefore a really vital need.

A FINE SELECTION

The more one thinks of the difficulties surrounding the appointment of an attorney general, the more it becomes evident that President Coolidge exercised good judgment and was highly fortunate in the selection of Harlan F. Stone. Although an attorney of many years standing and of high repute, he is best known by his work as dean of the law department of Columbia University. Such a connection could not be construed even by the most critical as disqualifying him in any way for the position in the cabinet.

It is inevitable that an attorney who has demonstrated fitness for such an important position must have had some important connections. Men do not get to be great attorneys without having performed great work, and in private practice, that means employment by individuals or concerns having large business interests. Practically every great lawyer in active practice has been employed by large corporations or has been extensively interested in cases against corporations.

Prizefighting still has its votaries in Montana, it seems. A new new bank has been opened at Great Falls.

They are now using X-rays on complexions. It takes that to penetrate some modernist complexions.

Prohibition has been in effect for several years, but Milwaukee still has a hang-over. A Socialist Mayor was elected Tuesday.

LOCAL WOMAN TERMS 'DEATH' RUMORS FALSE

Mrs. Vienna Bono Tells Detective
Mother Is Missing and Not
Dead

As a result of testimony given by Mrs. Vienna Bono, 805 Ocean avenue, Richmond, San Francisco police yesterday gave a verdict of "missing and not slain" to rumors concerning the mysterious disappearance seven years ago of Mrs. Miguel Vanni, Mrs. Bono's mother.

After a rigid investigation Detectives Charles Dullea and Otto Fredrickson said they were convinced that no suspicion attaches to Miguel Vanni, who was the woman's husband at the time she dropped out of sight in 1917. Neighborhood gossip that had no foundation on definite knowledge, said the detectives, was responsible for the report that Vanni had murdered his wife and buried her body in the basement of their home at 32 Prescott Court.

Vanni came voluntarily to police headquarters and convinced the police of his innocence, they said.

Mrs. Bono, when questioned by the detectives yesterday, declared that the rumor that her stepfather killed her mother was ridiculous. She said her mother had a violent temper and had deserted him six times before her final disappearance.

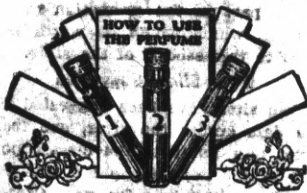

Miss Alice Greenan, 28 Prescott place, neighbor of Vanni and sister of James Greenan, who was arrested for bootlegging, started the report which led to police investigation, said the detectives. She told Prohibition Agent Edward A. Powers at the time Powers raided the Greenan and Vanni homes three days ago, that there were rumors around that Vanni had killed his wife. Yesterday she said what she had told Powers was merely gossip she had heard.

The police decided there were insufficient grounds to warrant them in digging up the concrete floor of Vanni's cellar. A description of the missing woman was sent to the police of all California cities and it was stated that the investigation will continue.

Plans to Open Variety Store In This City

Work is being rushed by builders under the direction of the Miner company of Richmond, on the Buckingham building at Sixth and Macdonald, which was built a few months ago with the exception of finishing the interior for stores. The building will now be completed, due to the leasing by local realtors to A. Snodgrass, one of the two stores. Snodgrass, who was formerly of Pocatello, Ida., will conduct a variety store at this place, along the lines of the five and

ten cent stores which are being operated in cities throughout the country.

Snodgrass stated yesterday that he picked Richmond as the home for his new variety store on account of the large payroll of the city and because of the fact that this territory is in line for a great future.

Miner and company expect to lease the other store in the new building within the month.

Packed House Attends Wesley Program

Harold Lloyd's comedy, "Grandma's Boy," was shown last night to a packed house at the Wesley M. E. church. Miss Ethel Vestal played the piano during the showing of the films. Other numbers included a saxophone and guitar duet by Dan Lagretta and Nellie Purcell. Dr. Baker gave several readings from Edgar Guest on "Dads and Lads."

The educational film, "The Wizard of Wireless," was shown and was followed by the feature comedy, "Grandma's Boy." This picture is considered one of Harold Lloyd's finest, and was enthusiastically received by the entire audience. The program was put on for boys especially in anticipation of boys' week, which is next week.

Next Friday Japanese earthquake pictures will be shown. On Friday, May 9, a special program will be held for mothers. "Breaking Home Ties" will be the feature film for this evening.

ENTERTAINS MEMBERS TAU NU TAU CLUB

Miss Gladys Banner entertained the members of the Tau Nu Tau club at her home on Ohio street, Thursday evening. The early part of the evening was spent with the business session, which was followed by a social hour. Dainty refreshments were served later in the evening.

The members present were Hilma Johnson, Willette Davis, Helen Gately, Margaret Brown, Maud Muller, Florence Clark, Ruby Williams, Virginia Elchur Clarice Carey, Gertrude Penner, Agnes White, Bessie Gertz, Gladys Banner, Ruth Gingrich and Margery Pollett.

MISSIONARY SOCIETY HOLDS BUSINESS SESSION

Members of the Macdonald Missionary of the First Presbyterian church, held a business session in the church parlors with several interest reports given by the members.

The home mission topic was "The Negro in America," with reports given by Mrs. A. W. McIntosh, Mrs. J. T. Conwell, and Mrs. Charles W. Jarrett. The foreign department topic was "Africa," and reports were given by Mrs. Mary A. Casterlin. The devotional was led by Mrs. Theodore Kapan. A playlet "How Poor Little Dolly Came to go as Missionaries" was given by Sue Manhke, Dolly Ellund, Edith Teese and Isabelle Teese.

Following the session, dainty refreshments were served by Mrs. H. K. Saborne, Mrs. Hall Zimmerman and Mrs. Frederick Leard.

Plans were made for the annual picnic to be held on May 15, at Live Oak park in Berkeley. Mrs. Fred Newsom will be chairman of the affair, with the following assistants: Mrs. John Wood, Mrs. Bert Rector, Mrs. L. L. Anderson and Mrs. Fred Wagner. Refreshments: Mrs. J. T. Conwell and Mrs. James MacDowell, sports and games.

WOMEN OF MOOSEHEART LEGION PLAN WHIST

Women of Mooseheart Legion met last night with a large attendance, with Senior Regent Isle Martin in the chair. Mrs. Frances Lo will give a whist party at her home, 124 South Eighth street, tonight for the legionnaires and their friends, according to the announcement made last night.

Dr. Frazer will show the pictures of Mooseheart for the benefit of the Moose lodge and the legionnaires on Friday evening, May 3, at the Moose hall.

The women of the Mooseheart Legion will give a whist Friday evening, May 23, at the Moose hall.

Banquet Served At Meet of Golden Circle

The Golden Circle Class of the First Presbyterian church met in regular session last night with Mrs. Willard Ponge presiding. A nominating committee was named at the business session, including Mrs. Fred Wagner, Mrs. Garrett and Mrs. Norton.

The business session was followed by the regular Bible study under the direction of Mrs. J. T. Conwell. Miss Myrtle Barber gave a complete though condensed history of the book of Exodus. The other part of the lesson included memory verses applying to those who used the excuses "too weak, and unwilling," for not becoming Christians.

The remainder of the evening was spent in making rag rugs for the San Anselmo orphanage, and was followed by a delicious banquet, served by Mesdames Martin, Garrett and Berry. The banquet tables were beautifully decorated and an elaborate dinner was served.

The club will meet in regular session Friday, May 16, for the business session. Officers for the ensuing year will be elected at this meeting.

The Record-Herald's Daily Fashion Hints

Prepared Especially for this Newspaper.

VOGUES FOR IMMEDIATE WEAR

Paris is featuring town fashions for smart women, and they are charmingly carried out in such fabrics as flannel, alpaca, twill, moiré and taffeta. To the left is a model in flannel, with the front panel in satin brocade. The sleeves are lengthened with deep, plaited flounces which flare in fan-like beauty with the motion of the arms. The round neck is collarless, but the neckline of topaz and crystal serves as an attraction. Medium size requires 3 yards 36-inch flannel and 1 1/2 yards 27-inch satin brocade.

It will be exceedingly smart made up after the model to the right. At one side there are flat plaits held in place under a twin-belt of self-material. The slender revers and turn-down collar are bound with silk braid and the long sleeves flare at the wrists. Medium size requires 2 1/2 yards 54-inch material.

First Model: Pictorial Review Dress No. 1936. Sizes, 34 to 48 inches bust, and 16 to 20 years. Price, 45 cents.
Second Model: Dress No. 1919. Sizes, 34 to 48 inches bust, and 16 to 20 years. Price, 45 cents.

For Your Health

Health Hints by the Father of Physical Culture

The average person imagines that an athlete is a mysterious person, gifted with remarkable powers. This is an error. Every man and every woman should be an athlete, for to be an athlete means that one is capable of handling the body easily and gracefully and utilizing the muscular power to the fullest possible extent. It means the ability to run and jump, and the possession of strength of the arms and body. These manifestations of strength in the body of an athlete do not indicate possession merely of extraordinary muscular strength. They usually also indicate nervous energy and internal functional strength. To the average individual, who one speaks of muscles he is supposed to mean the biceps of the upper arm. This is a mistake. Muscles are used in every function of the body, whether voluntary or involuntary. The most perfect athlete is the one whose nervous and muscular systems are the best nourished and under the most perfect control.

The fact that athletes generally put themselves under a course of training, which includes rather severe dietetic restrictions, has fostered the idea that the athlete is different from the ordinary person. But the reason for this training in reality is to overcome the evil results that have followed from improper dietetic habits that no person at any time should allow himself to yield to.

The athlete's body is subject to exactly the same laws that govern the body of every other person. Hence, it is very evident that there are no foods that have any special influence on an athlete in increasing his powers in one way or another. The only manner in which diet can influence one's athletic ability is by its effect upon his general health. Hence, those foods that build the greatest amount of energy and enable one to acquire the greatest possible degree of vitality to be used in mental work, would be equally useful for purposes of physical activity of any kind.

The dietary of the average man contains many articles of food which are neither wholesome nor strengthening and while they are satisfactory for use at the training table of the athlete, they are equally unsuitable for food at every other table.

EXERCISE HINT

To overcome a bent or slouching posture the simplest method is to stretch the arms high above the head. This stretches the back and clavicle the chest.

Now is the opportune time to save money on: Ready-to-wear Children's Wear, Curtains, Draperies, Domestic, Towels, Bedding, Wash goods, Silks, Millinery, Underwear, Hosiery, Petticoats, Men's Furnishings, and many other articles for the home or person at such low prices as only a Basement Sale could bring.

BUILDERS HONOR P. M. SANFORD AT SURPRISE FEED

President of Local Exchange Tells of Convention Which He Attended at Portland

Over seventy-five members of the Builders' Exchange were present at the session last night. The meeting was opened with a business session, with President P. M. Sanford in the chair. After several important matters were taken up and discussed, the business session was adjourned. A surprise banquet and reception was then held in honor of Sanford, who has just returned from the convention of Builders and Manufacturers in Portland, Ore. The affair was arranged by E. H. Higgins, Charles H. Brown and L. C. Dexter, and came as a complete surprise to the entire membership. A feature of the banquet was a huge 36-pound cake, made by the Home Bakery especially for this occasion. The cake was inscribed with "Builders' Exchange, Richmond," and the slogan recently adopted by the exchange: "America's Homes, Built American Plan." The cake was elaborately decorated with American flags.

During the banquet Sanford was called upon to make a report on the convention recently held in Portland. He spoke of the wonderful reception tendered the guests and of the work and plans made by the convention. The affair was attended by representatives from nearly all of the cities west of the Mississippi river, and was one of the largest of its kind ever held.

PYTHIAN SISTERS TO GIVE WHIST PARTY

Bay Project

(Continued from Page 1)

small stream flow, there is a tendency for the salt water of San Francisco bay to work up into the network of channels that divide the rich delta lands at the mouth of the two rivers, into many islands. The dam below the mouth of these two rivers would prevent any damage to those fertile soils that might result from such occurrences. Further, this dam would maintain Suisun bay in fresh water and make it possible to profitably reclaim all the tidal flats along its margin, and bring unlimited quantities of fresh water to the manufacturing centers arising along the bay shore.

Declare Plan Practical

"The practicability of locating and constructing such a dam below the mouth of the Sacramento and San Joaquin rivers, has been investigated as far as could be without exploration borings at the various possible sites for its location. It was concluded that a dam at this vicinity is feasible, but that extended studies of all possible sites should be pursued before a selection is made.

"This dam would be of added value in creating a large fresh water reservoir in Suisun Bay, and the delta regions, that would have a storage capacity of 600,000 acre feet between the present levels of high and low tide. Supplies of fresh water might be pumped from here for consumption, after filtration, in the metropolitan areas of San Francisco bay, as well as for agriculture use."

Back Bad Today?

Then Find the Cause and Correct It As Other Richmond Folks Have

There's little rest or peace for the backache sufferer. Days are tired and weary—Night brings no respite. Urinary troubles, headaches, dizziness and nervousness, all tend to prevent rest or sleep.

Why continue to be so miserable? Why not use a stimulant diuretic to the kidneys? Use Doan's Pills. Your neighbors recommend Doan's. Read this Richmond case: Mrs. L. Marshall, 619 Twentieth St. says: "I keep Doan's Pills on hand

WIDE CULVERT AT JUNCTION OF ROADS IS PLAN

Improvement of Highway Near San Pablo Will Reduce Accident Hazard

For the purposes of reducing the hazard to motorists at "Death Bridge" over San Pablo creek at the junction of five roads, work is to be started by the State Highway commission for the widening of the highway and the installing of a concrete culvert. Announcement to this effect was made yesterday by Supervisor Zeb Knott.

Decision to have the work done was made following a survey of the highway by John H. Skeggs of the highways commission. The culvert will be 60 feet wide and the road will be widened to feet.

Supervisor Knott said: "I realize the growth of the traffic in and out of Richmond and I will be glad to cooperate with the chamber of commerce, the automobile and business men in improving the roads leading into the city from the north."

all the time. I wouldn't use anything else for kidney complaint. I had attacks of backache and at times my kidneys acted irregularly. Doan's have always relieved me, so I cannot say too much for them."

Mrs. Marshall is only one of many Richmond people who have gratefully endorsed Doan's Pills. If your back aches, if your kidneys bother you, don't simply ask for a kidney remedy, ask distinctly for Doan's Pills, the same that Mrs. Marshall had, the remedy back by home testimony, 60 cents at all dealers. Part Time Students At High School Will Issue Second Annual 'Review' In Few Days

The second "Richmond Part Time Review," which will be released by Helen B. Shedden, part time director at the Richmond high school, within a few days, is an annual that would be a credit to a far larger high school. The part time department students in preparing this book, have contributed cleverly written articles, stories and art work, all of which has been embodied into the publication prepared by the printing department of the Richmond school.

The students in the part time department of the school are boys and girls under the age of 18 who are taking four hours of work a week in accordance with the bill passed in the California legislature three years ago compelling youths over 16 and under 18, who have not completed high school work to take this short course every week.

According to Helen B. Shedden, part time director of the school, the aim of the department is to give those young people who are employed in the various industries of the city, a practical and sound business education. Courses are given in business practice, typing, algebra, business, spelling and English.

During the last year the attitude of the part time students has changed in many instances from a sullen surly outlook on the work to a genuine interest in the subjects, due, according to Miss Shedden, to the practicalness and usefulness of the work given.

Working on a budget plan, students are allowed to go as fast as they are able, filling their work, for which they are given credit. After the stu-

dent completes his time and finished all the subjects in a satisfactory manner, he is awarded a credential stating the work completed. This is signed by the part time director, superintendent of schools and principal of the high school. Richmond is the only city in the state which awards her finishing part time students with a credential, showing the work completed.

Since the starting of the part time work here in 1920, the enrollment of the division has increased from 105 to 293 for the present year.

In the 1924 "Part Time Review," which is the second annual of its kind to be put out by the branch of the school, a clever collection of stories of little tragedies in the business world of the part-timers appear, entitled "Mistakes We Have Made." These make up a very bright and interesting spot in the book.

During the last year more than 40 of the part time students have been placed in positions in and about Richmond. "It is not hard," stated Miss Shedden, "to place people who are trained in the fundamentals of business in positions in which they will have a chance to work and succeed."

Special mention must be given to the cover of the annual, which is the work of Louis Gavelli, of Velvetone Poster company of San Francisco, a former part time student of the school, who put in all the work on the front-piece gratis.

TRUSTEES AT EL CERRITO REJECT FIRE HALL BIDS

Failure of Bidder to Enclose Check Results in Action By Board

Bids for the new fire hall planned at El Cerrito were opened last night, but after discussion were rejected by the board of trustees owing to the failure of one of the bidders to include a certified check with his estimate. Those who bid were C. C. Larson, \$3,652, and Mike Corino, \$2,774. As a consequence it will be necessary for the trustees to re-advertise. The new fire hall will be complete in every respect.

City Clerk Alice Morris was instructed by the trustees to secure J. O. Ford, Richmond, treasurer, to audit the El Cerrito books.

CATTLE PLAGUE LOSS IN COUNTY ABOUT \$400,000

Figures Showing Depredations
Are Made Public By
Officials

Loss in Contra Costa county as a result of the hoof and mouth disease has already exceeded \$400,000, according to figures compiled by officials in charge of the slaughter of infected cattle.

Checks from the federal government in payment for losses, are being received by stock raisers of the San Pablo canyon and other sections.

Dr. U. C. Houck, director in charge of the consolidated state and federal forces fighting the foot and mouth disease in California, today declared the situation grave but not alarming.

One of his first acts was to issue an amendment to federal regulations designating the counties of Marin, Solano, Sonoma and a part of Napa, outside of an eight-mile radius of premises infected in any adjoining county, as a "modified area." This amendment will permit of easier movement of livestock and agricultural products in the district.

W. G. Hecke, state director of agriculture, said reports were encouraging and expressed the opinion that through co-ordination and centralization of authority the disease would be brought under control.

Richmond Scouts to Attend Picnic

Many Richmond Scouts are expected to attend the picnic which is to be given at Paradise Cove, May 4, by the Oakland pyramid, according to an announcement made yesterday. The affair will be one of the biggest held so far this year. The meeting of the local Scouts, which was to have been held tonight, has been postponed, it was stated.

of the most fashionable churches in Richmond to take up the work of directing the destinies and re-shaping the fortunes of delinquent boys and girls when he assumed charge as County Probation Officer of Contra Costa county.

Jazz Causes Tragedy

From his rich experiences in dealing with jazz-crazed boys and girls, he related numerous incidents where tragically stalked in the offing for children of this county.

Dr. Boyer declared that the straying youths are not confined to any race or class, citing the case of a girl named the late President Harding who took her own life in Sacramento because "at 18 she knew everything there is to know," and was tired of life. He also mentioned the strange case of Miss Janet Coolidge, third cousin of the present occupant of the White House, who has joined the army of missing women in California.

Next Monday evening Dr. Boyer will talk along similar lines to the Hayward Rotary.

Mildred Harris, stage and screen star, and divorced wife of Charlie Chaplin of the eccentric legs, was one of the honor guests at yesterday's luncheon being the cynosure of all eyes, masculine and feminine. Her blue eyes and down-tinted cheeks fascinated the men, and her snappy gown and hat were given more than the once over by the women present.

Mildred is not hard on the eyes. "I like Richmond, and I hope you like me and will come down to the Orpheum and see my act," exclaimed the star as she sat down amidst loud applause.

Mildred and Mrs. DeLuna were the guests of City Engineer Harry Chapman.

Chapman proved a witty speaker in presenting his guests. Mrs. DeLuna is his niece.

Some "boudoir secrets" were related by Dr. U. S. Abbott, and the telling thereof cost Clark Kratzer two dollars and 50 cents.

"It is worth \$2.50 to talk to Mildred Harris over the phone," said Kratzer as he paid his fine.

Mrs. Rosa Calfe and Mrs. Gladys Wilson sang some charming num-

Seventy-Five Notchers on Summer Outing

Louis Savin, 524 Nevin avenue, and Stanley Paulsen, 533 Thirteenth streets, of this city, were the first boys to sign up for the Notchers' camp, which will be held on the Russian river the early part of the summer. Only 75 boys will be accommodated at the camp. The boys will be grouped in patrols of nine and will be supervised by a patrol leader.

All boys who are unable to swim, will be given instruction in the sport at the camp. At last year's camp, 30 boys arrived who were unable to navigate in the water but by the time their vacation was up they were able to due the required 50 yards.

Mrs. Vera Wyatt Frazer was at the piano.

The program was in charge of Group Ten, with C. C. Kratzer as chairman.

Henry A. Johnston presided as president for the last time. The new president, Aubrey Wilson, takes over the duties of the presidency at the next meeting.

M. E. LADIES AID HOLDS MEETING

Members of the Ladies Aid of the First Methodist church in Point Richmond, held a charming social yesterday afternoon at the church parlors. The affair was an "experience social," and each member brought a dollar and told, many in verse, how it was earned. Many clever and amusing reports were given by various members of the aid.

The business session was followed by an interesting program, including vocal solos by Mrs. J. O. Redman and Mrs. Daisy Jenkins, and an interesting talk by Miss Weymouth, of New Zealand. Miss Weymouth is a representative of the W. C. T. U. and is a very fine speaker. Her talk was very well given and extremely interesting.

Kidney Trouble—Rheumatism

Alameda, Calif., June 23, 1922.
Last winter I suffered with terrible rheumatic pains in my back and legs. At night the agony prevented me from sleeping. My bladder and kidneys also bothered me and I was miserable in the extreme. No treatment afforded me any relief until I began to take the FONG WAN HERBS. After having taken them for about eight weeks I was completely cured and have had no pain since. I am now free from all my former complaints. A few months ago my husband was troubled with indigestion and a sore stomach. He was unable for some months to retain his food. He took the FONG WAN HERBS for only one week and he has felt well ever since. About the middle of April, 1922, my daughter's foot became swollen and painful. A big cancer began to form in it and the pain became so severe that she could not sleep for weeks. We had a physician attending her, but the pain, instead of subsiding, extended to her knee. There was evidence that her kidneys and bladder were also in bad condition. Finally, we consulted our former herbalist, Fong Wan. After having taken the first package of herbs, which I cooked for her to drink, my daughter slept all night. After three weeks of the herbs she was able to go back to school with her slippers on. Now the swelling has entirely gone. Had it not been for Fong Wan's skill her foot might have been cut off. Because of gratitude for health regained, my husband joins me in signing this testimonial.
MR. and MRS. C. O. JENSEN,
1847 Elm Street, Alameda.

FONG WAN does not depend upon methods that have been employed by and handed down by other herbalists. He does not take it for granted that what has been good for one will prove beneficial in all similar cases, but he studies each case separately and compounds herbs to suit the individual need. This is the reason why the Fong Wan Herbs are the most effective and that Fong Wan is a real capable herbalist of greatest experience.

OAKLAND WINS FROM LOS ANGELES

SEALS DEFEATED BY 9-4 SCORE BY VERNON TIGERS

Salt Lake Takes First Contest in Its Series With Portland; Seattle Victorious

OAKLAND, April 25.—Walter Mails pitched Oakland to a 5 to 2 victory over Los Angeles today. The opposing hurler, Charley Root, had a long string of victories broken by the redoubtable Mails. Mails also was the hero of a little excitement in the way of a semi-fight with Elmer Myers. Mails won again.

SEALS LOSE

LOS ANGELES, April 25.—Without difficulty, Vernon added another Seal notch to its string today, and defeated the San Francisco outfit 9 to 4.

BEES WIN

PORTLAND, April 25.—The Salt Lake Bees won their first game in their series with Portland today, taking the long end of the 10 to 5 score.

SEATTLE VICTOR

SEATTLE, April 25.—Seattle won its third straight against the Senators here today, taking the contest by the one-sided score of 9 to 1.

OAKLAND TECH TENNIS TEAM IS VICTORIOUS

Richmond High School Team Loses Each Match by Large Score

The rageters of Oakland Technical High school romped all over the court with the Richmond tennis team yesterday afternoon on its own courts, taking each set, playing but the required two games.

The only stellar showing made by the Richmond team was in the first single match in which Chasseur, of the local team, held his man by the closest score of the tournament, 6-3, 9-7.

Although matched against a better man, Chasseur gave the top man of the Oakland squad a fast set. Other scores yesterday were: First doubles: Ogden, Mulgrew, of Oakland Tech, defeated Clarke and Robinson, Richmond, 6-1, 6-2.

Second singles: Lane, Oakland defeated Robinson, Richmond, 6-4, 6-4.

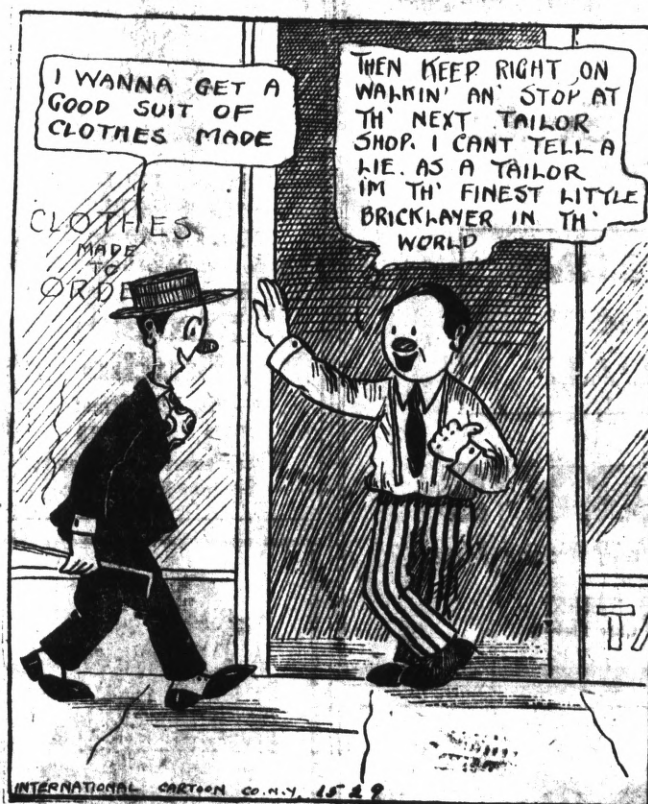

Second doubles: Coles, Gogstad, Oakland, defeated Jamison and Chasseur, Richmond, 6-1, 6-2.

each.

Note—The times and distances mentioned in each event is the minimum requirement for which points are counted. Every boy can thus make 1 point will be awarded. For those who exceed the minimum, points will be awarded up to 25 some points for his notch.

BASEBALL GAME WILL FOLLOW BIG TRACK MEET

Final and Deciding Contest to Be Played at Stanford Today

STANFORD UNIVERSITY, April 25.—After the 25,000 spectators at the Stanford-California track meet tomorrow have witnessed the competition between the traditional rivals on track and field, attention will be turned to the Stanford baseball diamond, where the deciding game of the Stanford-California series will be played.

Thus far Stanford and California have each won one game and lose one. Stanford seems favored to win the final and deciding contest.

In the first game held at Berkeley on April 12, California was victorious by a 5 to 4 score. In the ninth inning Stanford was leading 4 to 3, but with two men down, California succeeded in putting across the two runs necessary to win the game.

In the second contest held last Saturday on the California field, Stanford was the winner by a score of 7 to 2.

Ernest Nevers, Stanford's versatile athlete, started the scoring for the Cardinals with a home run in the first part of the game. In the beginning of the eighth inning, the score stood 2 to 2, with the game apparently destined to be a tied one.

California errors coupled with a sensational home run by Lefty May, gave Stanford five runs and put the game away on ice.

Nevers pitched both of these games against California for the Cardinals and will probably pitch in the final contest as well.

Stanford's hard hitting aggregation is a feature of the nine, which Coach Harry Weller has welded together.

Johnston, McCandless, and May are at present the hardest hitting trio.

The final game of the series will start at 3 o'clock on the Stanford baseball field, which joins the Stanford stadium, where the track meet will be held.

This photograph of the manager and star outfielder of the Cleveland Indians was made while he was limbering up on the links at Hot Springs, Ark., before he started more strenuous spring training.

WOMEN GOLFERS PLAN TOURNEY

Several tournaments will be held for the women golfers of the Berkeley Country club during the month of May, according to word given out yesterday by Mrs. Edward Runsey Elliott, captain of the women's team.

The following matches are planned on the club links during this month:

Thursday, May 8.—Approaching and putting contest. First and second prizes.

Thursday, May 8.—Medal play tournament over 18 holes, each player to take half her handicap and count score for 9 holes determined by draw.

Thursday, May 15.—Match play

RICHMOND HIGH SCHOOL NINE DOWNS VALLEJO

Take Contest by One-Sided Score of 14-1; Opposing Moundman Lacks Support

Featured by the heavy shugging of Muth and Chatteillon, the Richmond Union high school baseball nine easily defeated St. Vincent's high of Vallejo by a score of 14 to 1 on the diamond at the high school here.

Swenson, hurler for the local nine, pitched a steady game and was aided by the perfect support of the high nine. Freeman, of the Vallejo team, pitched a good game but lacked the support of the Vallejo team.

Batteries for yesterday's game were Swenson and Muth, Richmond; Freeman and Blake, Vallejo.

The local team will journey today to Sebastopol, where they will meet the high school nine of that city.

MEMBERS OF B. Y. P. U. PLAN FOOD SALE

Members of the M. F. C. class and the Junior B. Y. U. of the First Baptist church will hold a cooked food sale today at the Independent Free Market at Seventh and Macdonald avenue. The sale will commence at 10 a. m. Funds raised will be used for the new church building.

TO WHOM IT MAY CONCERN:

In reciprocation of the wonderful cure effected through the medium of Dr. Wong Him's herbs and his thorough knowledge of every human ailment, I desire to state briefly the terrible suffering experienced by myself for other thirty years, thus guiding anyone who may desire relief from attacks of any nature:

I had been afflicted with cancer and Bright's Disease, also catarrh of the head for a period of over thirty years. Learning of the extraordinary cures resulting from the herb treatments of Dr. Wong Him, I decided to seek relief if possible through this course, being to some extent skeptical due to failures of other eminent specialists to effect any amount of relief.

A complete treatment of the above herbs have resulted in relieving me entirely of these affliction, and my head has been cleared of all traces of catarrh. Pains in back and head, aches have ceased and am again able to enjoy perfect health.

The above has been absolutely unsolicited and my only hope is that same may prove of great benefit to all sufferers who may read it. MRS. E. HUBER, 2407 38th Ave. Oakland, Calif., April 9, 1924.

REALTORS FIELD REPRESENTATIVE SPEAKS AT MEET

County Members Told of Need of
Co-operation; Tells of
Influence

J. W. Jennings, field representative of the California Real Estate association, was the principal speaker of the evening at the regular monthly meeting of the Contra Costa Realtors' association, which was held in the Chamber of Commerce rooms in the Elks building.

Jennings spoke on the need of co-operation of the realty men of the section, for stated Jennings, "The real estate man who does not belong to the local board takes an unfair advantage of the organization of realtors, educationally, legislatively and in the organization work."

The speaker told of the growth of the real estate association in the state in membership and in influence. It is through this statewide organization that the local realtors keep in touch with the conditions throughout the territory.

E. B. Bull, president of the association, presented C. R. Ricks, Martinez real estate man, chairman of the evening. Ricks stated that the five towns of the county attended in order to encourage and aid the local realty men to create a large and stronger local board.

Plan Weekly Meets
It was decided at the meeting that the real estate men of this city should hold a weekly meeting and luncheon at Martin's Grill for the purpose of talking over the problems that face the local men as a whole. All Richmond realty men are invited to attend this meeting, which will be held on Thursdays.

A definite start has been made on a multiple listing system for the Richmond members. Plans were also made to have a local secretary in a central headquarters.

Listings taken by any member will be sent to the local headquarters where they will be transmitted to the others of the board for their use.

The activity which has been shown by the East Contra Costa county sections came in for a share of attention and it was decided to arrange a caravan of automobiles to make an inspection of the facilities of the eastern portion of the county.

Tour Suggested
Guy E. Wolfe, secretary of the Chamber of Commerce, suggested that the chamber join in this inspection by sending a representative group of citizens with the realty men on their tour which will be held the first week in June.

The realtors plan to make the trip via the Marsh Creek road and will visit Antioch, Byron, Brentwood, Pittsburg and Oakley. It will be an excursion at which time members of the local board can get intimately acquainted with conditions of this section of the county.

Last night's session was held following a special dinner at Martin's Grill.

Will Attend Revival Meet In Oakland

Two hundred young people of Richmond are expected to attend the Gypsy Smith tabernacle meeting in Oakland tonight, it was stated here yesterday. The revival meetings are attracting large crowds, and many residents of this city have been in attendance, reporting that excellent talks are being given.

Fined \$25 on Speeding Charge

John Novascone, local youth, was fined \$25 by Police Judge C. A. Odell yesterday afternoon in the police court after Novascone pleaded guilty to traveling 25 miles an hour on Macdonald avenue. Odell, in levying the fine, stated that it was in accordance with the schedule which was adopted by the judges of this section some days ago.

LEMOIN TO HAND IN RESIGNATION MONDAY NIGHT

Letters Telling of Intention Are
Received by Members of
Department

Letters have been received by members of the local fire department from Fire Chief Roy Lemoine, stating that on May 15 Chief Lemoine will sever his connections with the fire department. Lemoine will, it is believed, place his resignation before the city council at its meeting Monday night.

Lemoine will cease active service with the local department on May 1, but due to the fact that he took no vacation last year, it is understood that he will be allowed two weeks vacation before he leaves the department.

According to City Manager McVittie, several applications for the position of fire chief have already been filed through his office.

Plan Campaign Against Light Law Violation

SACRAMENTO, April 26.—A statewide campaign against violators of headlight provisions of the motor vehicle act will be launched on Thursday, May 1, by the California division of motor vehicles. Will H. Marsh, chief of the division, made this announcement today, adding that the campaign would continue "until the headlight evil is abated."

All members of the state highway patrol were notified today to make preparations for the campaign by inspecting headlight adjusting stations in their territory. Squad captains were told to instruct their men in the campaign and to be in readiness to go on the highways for several hours, immediately after dark, on the night of May 1.

Police departments in all the larger cities of the state have promised co-operation. Officers have been instructed to warn violators of all phases of the headlight law, giving particular attention to glaring lights. The division has now about 1,500 official adjusting stations in the

Women Favored By Auto Department

SACRAMENTO, April 25.—Female members of California families may secure a license to drive an automobile if they are 18 years of age, without obtaining consent of their parents but their brothers must wait three years longer. The division of motor vehicles so ruled, in a bulletin issued here recently.

The bulletin points out that the motor vehicle act requires the signatures of parents or guardians on applications for operators' licenses made by minors. The definition of a minor as given by the civil code and cited by the bulletin is: "Males, under 21 years of age; females, under 18 years of age."

Hence, the bulletin concludes, if a "female" 18 or over applies for an operators card, the signatures of her parents are not necessary.

After adjustments have been made, certificates will be issued. Marsh said today that a warning would be given first offenders but that if they failed to comply with the law and were caught a second time, they would be summarily dealt with.

"Flowing Gold" Showing Today At California

Anna Q. Nilsson is already recognized as one of the most versatile of the screen's leading ladies. She has a reputation for assuming the most difficult and unusual roles and "walking off with the picture." In "Flowing Gold," the First National picture produced by Richard Walton Tully, which is now drawing enormous audiences at the California theatre, Miss Nilsson carves deeper the niche she already possesses in the hearts of film devotees.

The role of Allegheny Briskow, which she so ably portrays, is one few actresses could interpret with such finesse. In the earlier action of the story she is an overgrown and awkward daughter of the Texas plains, of straightened circumstances

and consumed with repressed desires. The family's pitiful struggle against adversity and starvation on their small dry acreage seems to dwarf her very soul.

Then into her life, simultaneously with riches beyond her wildest dreams, comes love in its sweetest guise. Eagerly she studies and strives to become a woman worthy of this love, and gradually develops into a charming and cultured young lady.

Miss Nilsson's notable work in "The Spoilers" and "Ponjola," have particularly attracted attention of recent months, but "Flowing Gold" gives her opportunities for characterization she did not have in either of these great dramas.

Other features on the same program are "Stimpy Sadie," a comedy surprise; Kingrains; "Frogland," an educational subject; Larry F. Canelo at the organ.
